## FLOS CARTHAMI

Extracts from this herb can suppress the expression of transforming growth factor- $\beta$ 1 (hair loss related gene), giving you lesser hair fall.

## RHIZOMA ZINGIBERIS

Effectively cleanses the scalp and strengthens hair follicles

## SEMEN TORREYAE

Contains linoleic acid that stimulates hair growth, maintains a healthy scalp condition, and controls moisture loss in hair

## PANAX GINSENG

Its anti-alopecia properties enhance the proliferation of dermal papilla cells, which increase the regeneration of hair

## RED GINGER

Improves blood circulation to the scalp and stimulates hair growth

## PERICARPIUM ZANTHOXYLI

Helps to stimulate the scalp & promotes blood circulation to enhance hair growth
